All OLLI members are cordially invited to the 

**Back to OLLI Fall Reception**

Thursday, September 10 | 3–4:30 p.m.  
Furman University, Herring Center  
New Member Orientation, 2:30 p.m.

**Register Online!**
Registration begins:
August 18 for course packages  
August 20 for single courses  
[furman.edu/oll](http://furman.edu/oll)  
Registration forms pp. 31–34
Welcome to the Osher Lifelong Learning Institute at Furman (OLLI @ Furman)

Welcome back! Or, if you are new to OLLI, welcome! I hope you are looking forward to a Fall Term full of new subjects to explore. Flip through this brochure—there are 99 courses offered, and 33 Friday Bonus Events. Our Curriculum Committee has worked hard to assemble the course offerings, and I think there is something for everyone in the following pages. If you are ready to branch out in your OLLI experience, you might consider one of our Special Interest Groups (page 6) or volunteering at OLLI (page 5). There are new OLLI travel opportunities—see page 30 for details.

In addition to our courses, bonus events, social occasions, and special interest groups, OLLI members enjoy benefits across the Furman campus. Starting this fall, you’ll have a new way to access those benefits: the OLLI Paladin Pass. With this special card, you’ll receive the benefits you have always enjoyed on campus (discounted meals at the Dining Hall, usage of the Furman library) but now there are more discounts and privileges. They include:

- Furman Dining Hall: $5 meals
- PalaDen (Moe’s, Chick-fil-A, etc.) and the Paddock (all in Trone Student Center): 10% discount
- Furman Barnes and Noble: 10% discount
- Furman Golf Course: 10% discount off lowest available green fees and soft goods in the pro shop
- Furman Playhouse and Music Events: $10 tickets
- Furman library: enjoy the library facilities and check out books
- PAC (Physical Activities Center): discounted memberships

The OLLI Paladin Pass will be available in late October. Stay tuned for more information on how to get yours.

In the meantime, sign up for some courses, choose a bonus event or two, and mark your calendar for Back to OLLI on Thursday, September 10, 3–4:30. We can’t wait to see you!

Nancy Kennedy
Director
Important Dates for 2015–2016

August 18 ............. Fall Term registration
       for course package owners
August 20 ............. Fall Term registration
       for single course purchasers
September 10........ Back to Class Reception
September 14....... First day of Fall Term classes
November 13....... Last day of Fall Term classes
November 17....... Winter Term registration
       for course package owners
November 19 ...... Winter Term registration
       for single course purchasers
January 11 ............. First day of Winter Term classes
January 18........... No class—MLK Jr. holiday
March 4............... Last day of Winter Term classes

Best Way to Register

1. ONLINE: Go to furman.edu/ollı and click on the Registration link. (If you are new to OLLI, create a new account.) Your user name may be your firstname.lastname or one you created. Type in your user name and password to access your account. Click on Forgot Password to create a new one and access your account. (credit card only)

2. IN PERSON: On registration day, go to the OLLI Office on the Furman campus, 3300 Poinsett Highway, Greenville. The OLLI Office is located in the Herring Center for Continuing Education. You will be registered immediately in the computer lab (HC104). (cash or check)

3. BY MAIL: Send your completed registration with payment (check made out to Furman University) to OLLI @ Furman, 3300 Poinsett Highway, Greenville, SC 29613-1511. (check only)

Forms that are mailed in or dropped off will be processed after all walk-in customers are assisted.

Membership Fees

To participate in any OLLI course, trip, or event, you must first join OLLI @ Furman for the academic year. The cost of $50 covers copies, coffee, computer lab, lifeguard, bonus trips, seminars, software, and other incidental fees incurred by the program during the year. Once you have joined, you then have a choice of purchasing individual courses or a package of courses at a much lower per-course cost that can be used over the three terms of the academic year.

Individual courses ........... $50
(unless otherwise noted in course description)
6 courses annually ....... $210
9 courses annually ....... $275
15 courses annually ...... $325

Get involved in our community of learners

OLLI @ Furman thrives on member involvement and is led by a volunteer council, elected by the membership under bylaws adopted by the members. We encourage everyone to be a part of the OLLI community by volunteering in some capacity within the program. Full participation can give you a sense of ownership while you have fun meeting new friends.

Administration and Finance Committee decides on the length of terms, membership fees, expenditure of endowment funds, etc. Generally meets once a term.

Class Liaisons act as a bridge between the instructor, students, and the office staff in a class in which they are currently enrolled. Give weekly updates from OLLI Notes and general assistance to instructor.

Curriculum Committee seeks competent instructors to teach a well-balanced variety of classes. Subcommittees are based on interest areas from history to art to hobbies. Usually meets three to four times a term to plan the courses for the following term.

Instructor Support Committee supports our incredible faculty through mentors, evaluations, and training sessions. Meets a couple of times each term.

Gray Matters is produced four times a year and includes articles and information from the membership and committees. Writers, photographers, and editors always needed!

Instructors are all volunteers with a love of learning and sharing their ideas and life lessons.

Long-Range Planning Committee considers the needs and goals for three, five, and ten years into the future. Meets about once per term.

Office Assistants greet people while getting to know a lot about the program and how it works, from phone calls and registrations to battery replacements and shelving books. Can work around your schedule.

Social Committee plans our fun times together outside the classroom and is made up of a few who coordinate the many members. Hosts events all year long.

Volunteer Committee strives to have 100% of the membership involved in some capacity with helping make OLLI run. Meets a couple of times each term.

For more information, go to our website and click on Current OLLI Members, then Get Involved. You can also indicate your interest on your registration form or contact Heidi Wright at heidi.wright@furman.edu or 864.294.2997.
Special Interest Groups

A Special Interest Group (SIG) is a group of members whose focus is a certain area of interest. New SIGs may form any time. You do not need to register for SIGs, and there is no fee; however, you must be an OLLI member to participate. For more information about each group, contact the person listed. Information about starting a new SIG is available in the OLLI Office and on the OLLI website. Questions? Contact Heidi Wright at heidi.wright@furman.edu or 864.294.2997.

3D Design & Printing
The primary goal of this SIG is to promote STEAM (Science, Technology, Engineering, Art and Math) programs in schools through 3D Design and Printing. The group's most popular program is teaching school children to fabricate prosthetic hands and hand-arm combinations for children born with a hand or hand-arm anomaly, or who lost a hand due to accident or war. You do not have to be technically oriented to participate. Contact Reid Becker at Reid.Becker@gmail.com.

Bridge
The Bridge SIG is for players with some experience. They meet weekly in Manly Lobby at the Herring Center. More groups may form if there is enough interest. Contact Greg Parker at greglois.parker@gmail.com.

Chess
This group is for all OLLI members who are interested in playing chess. Beginners and experienced players are welcome. Contact Jan Blasenak at blaz49@aol.com.

French
Êtes-vous Francophone? Vous êtes invité à un SIG où on parlera français. On peut pratiquer la belle langue, et on peut faire la connaissance d’autres qui parle français. The French Conversation SIG meets weekly and welcomes all proficiency levels. Contact Ann Briskey at twinkbrisk@gmail.com.

Latin
The Latin SIG enriches the Latin experience. Members have road-tripped to Atlanta’s Carlos Museum, tutored newer students and provided guidance in preparing for the National Latin Exam. Contact Michael Kilgore at makilgore@bellsouth.net.

Mah Jongg
The Mah Jongg SIG is for experienced players who meet weekly to play Mah Jongg. They welcome those who have recently taken a Mah Jongg class or who are trying to brush up on some “rusty” skills. They meet at 1:30 on Wednesdays in Manly Lobby. Contact Barb Rusch at rbrusch@bellsouth.net or Cathy Dwyer at cathd65@aol.com.

OLLI Consort
The OLLI Consort offers recorder players the opportunity to enjoy the pleasures of ensemble playing, advance their skills, and perform for others. They meet at the Herring Center and the schedule is set each term. Contact Sharon Howell at JasminRC@icloud.com or Judy Brooks at hykrz@bellsouth.net.

Out and About Singles
This is a group of single OLLI members who enjoy movies, plays, festivals and eating out together. Make new friends and help plan a calendar of fun. There is a lot to do in Greenville! Contact Susan Cooper at scooper7284@charter.net or Carolyn Rice at ccr2go@gmail.com.

Pickleball
The Pickleball SIG is for those who already play or are interested in learning this novel game which is a hybrid of badminton, tennis and ping pong. It’s a hit with seniors all over the country. Contact Janet Aguilar at janetag@charter.net.

Serious Photography
Serious Photography is for photographers interested in day trips to photograph nature, landscapes, historical sites, and other interesting venues. The group sets its calendar as events arise. Contact Ray Roback at rayroback@gmail.com.

Swamp Rabbit Knitters
Bring your knitting or other handwork and join this group for knitting and conversation. The group decides meeting times and locations each term. Contact Gail Kirby at cozybags@yahoo.com.

Tai Chi
Former students of T’ai Chi for Seniors, T’ai Chi Chih or any other T’ai Chi class are invited to join the T’ai Chi SIG as they gather weekly for 30 minute sessions. Contact Judith Ziemer at judyjudyh@aol.com.

Travel
Join fellow travel enthusiasts to plan, discuss, and share experiences about travel in the US and the world. The focus is on communicating and networking to develop ideas and opportunities for travel. Meets twice per term. Contact Betty Jo Shaw at shawrlbj@bellsouth.net or Marcia Smith at larry.smith3@att.net.

Trivia Fun
The Trivia Fun SIG is a spin-off of the Team Trivia class although any OLLI members with a knack for trivia are encouraged to join. Contact Lynne Barrett at lynnebarrettsc@att.net to let her know you’re interested.

Woodcarving
The Woodcarving SIG invites experienced carvers to come carve together. Meetings vary based on availability each term, but typically occur on Fridays. Contact Jay Ludwigsen at jay840@charter.net or Jim Sullivan at jmsinhq@bellsouth.net.
Monday

ACM101  Acrylic Painting
Monday, 9 a.m.–noon, Herring Center, Graham (HC005)

Acrylic paint is the most versatile of the painting mediums. We will explore many techniques hands-on while creating wonderful artistic expressions. This class is suitable for all levels.

Cathryn Rice, artist, is a retired art teacher after 35 years with Greenville County schools. She gives workshops and clinics in a variety of art media which include painting, jewelry, color theory, and composition.

HFE594  Fitness for the Mature Adult
Monday and Wednesday, 9–10 a.m., Herman W. Lay Physical Activities Center, Fitness Center

A class for those that want to enhance their current fitness program or for those that want to start a fitness program. There will be some classroom time but most of the class will be spent in the Furman Fitness Center learning and working out. Class will cover strength training, cardiovascular training, flexibility, and balance as well as other fitness related topics. American College of Sports Medicine guidelines will be used to address the above fitness guidelines. Individuals taking this class should have few physical limitations.

Mickey McCauley is a certified personal trainer by the American Council on Exercise, American College of Sports Medicine, and a fitness specialist with the Furman Fitness Center.

PAH897  Holiday Quilting Projects
Monday, 9 a.m–noon, Herring Center, Vick Seminar (HC102)

Create holiday decorations that you will use year after year and learn quilting techniques at the same time. We will start by making a holiday table runner and then move on to a Christmas tree skirt and/or small wall hangings. Students will need to bring their own sewing machine (basic sewing skills required) and will buy their own fabrics after the first class. Additional ideas for embellishing projects will be discussed. No previous quilting experience is necessary.

Ruth Pollow is an experienced quilter and teacher who enjoys sharing quilting techniques with all skill levels.

HFE586  Intermediate Core Conditioning for Seniors
Monday, 9–10:30 a.m., Herring Center, Crabtree (HC110)

This intermediate fitness class is designed to combat the effects of our modern sedentary lifestyles: low back pain, joint stiffness, knee injury and other joint problems. This class is not for everyone and it is recommended that participants be familiar with the use of a stability ball and be capable of doing a squat. Developed on the principle that a flexible body with
good posture is typically pain free, this class will teach you to use your own body weight and an exercise fitness ball to strengthen your core. Please bring your yoga mat and stability ball to class; dumbbells provided by OLLI. Bring your yoga mat only during weeks 1 and 2.

Ron Bryson, a retiree, keeps himself active with cycling, swimming, pilates, and strength training. He is a NASM certified personal trainer with a specialty in senior fitness and a certified yoga teacher. He has learned how to manage osteoarthritis pain with exercise and natural supplements.

CEO449 Medical Insurance Redux
Monday, 9–10:30 a.m., Herring Center, Huff (HC105)
A class on Medical Insurance was last taught when the industry was in turmoil as the Affordable Care Act was tied up in both Congress and the Supreme Court. The case has been decided and affects the lives of more than 16 million plan enrollees. We’ll talk about that case but primarily the class will be about the ins and outs of Medicare. So if you are going to be a new enrollee and are snowed by the verbiage this is a class not to be missed. There have been many changes to Medicare particularly for those people who get part of their benefits from large corporations like GE, IBM and GM. Even for the mere mortal Medicare is a literal morass. So if you are going to be a new enrollee and are snowed by the verbiage this is a class not to be missed.

Dan Kappel is a retired dentist and dental director of a dental insurance company. He was also involved with the start up of an HMO that never got funded.

HFE501 Monday’s Intermediate Hiking
Monday, 9 a.m.–4:30 p.m., Herring Center, Parking Lot (rt. of Timmons) Enjoy fall colors and cooler weather as we hike nearby trails. Hikes will be 5–8 miles and moderate to moderately strenuous. Please clear this physical activity with your physician. Wear hiking boots or sturdy shoes, and dress in layers appropriate for the weather. Bring plenty of water and lunch. We will meet in the parking lot to the right of Timmons Arena in time to form carpools and leave by 9 a.m.

Experienced hikers Wayne Halli and Tommy Cook will co-lead this course.

PHO1609 Short Walks In Photography
Monday, 9 a.m.–2 p.m., Herring Center, Computer Lab (HC104)
This class is designed to provide photo experience for those interested in exploring nature, art and urban digital photography. We will travel to locations around Greater Greenville to take our photos, and learn together by evaluating our images in class. Any type of digital camera can be used in this class and all levels of experience are welcome. You are expected to have a basic working knowledge of your camera and some post-processing knowledge is helpful. Bring a sack lunch.

Ali van den Broek began taking photographs when she received a camera for her 6th birthday. Ali has been part of the OLLI photography program for 3 years and credits much of her current success and growth to the program. Brenda Hill is a native of Greenville and enjoys the outdoors, travel and photography.

ACM157 The Big Bands in Film
Monday, 9–10:30 a.m., Herring Center, Piper (HC111)
This is a development of Jeff Holmes’ class on the Big Band Era. The class will be given through a PowerPoint presentation. The class will view clips of movies in which the big bands have appeared, mainly as themselves, but also as some surprising characters. The class will showcase the major bands and jazz artists of the Big Band Era.

Richard Goodall is a retired engineer and spent his corporate career in the development and production of polyester fibers in England and the United States. He moved to Greenville in 2013.

ACM103 20th Century Classical Music I
Monday, 10:45 a.m.–12:30 p.m., Herring Center, Campbell (HC004)
This course will examine 20th Century music composed principally in the 1st half of the century. This period in history saw nothing but power struggles with 2 world wars plus the invention of the atom bomb. Given the instability of Western culture, it is no wonder that musical composers became egotistical, inventing their own forms to maximize effects, techniques and styles that were heavily weighted with dissonance, and blended outside forms like jazz with classical music. We will begin with transitional and impressionistic music after which we will work through atonal, neo classicism, neo romanticism, minimalistic, etc. and try to concurrently make sense of the music in view of our society. Composers selected will include Strauss, Mahler, Debussy, Ravel, Kodaly, Schoenberg, Shostakovitch, Bartok, Ives, Gershwin, and Prokofiev. Class will consist of a PowerPoint presentation followed by representative music works using CDs and DVDs.

Ronald Bryson, who has been teaching opera at OLLI since 2013, has been a lover of classical music and opera for over a quarter century. Through his audio-visual presentations, he attempts to impart the same to the class members.
Join our group as we explore stories and memoirs by twentieth-century Southern writers from various backgrounds. Reflecting upon universal aspects of growing up, you may wish to share not only your interpretation of these works but also some of your own experiences.

Sue Grady taught college English for thirty-four years prior to coming to OLLI, where she delights in being both a student and an instructor.

**ACM126 Growing Up in the South**
*Monday, 10:45 a.m.–12:15 p.m., Herring Center, Piper (HC111)*

**HIS621 Myths and Monuments**
*Monday, 10:45 a.m.–12:15 p.m., Herring Center, Crabtree (HC110)*

In this final class of our Sesquicentennial Series on the Civil War, we will examine the persistent mythology, misinformation and romance that surround the never-ending conflict in an effort to separate truth from fantasy. We’ll revisit the tumultuous decades leading up to the war and the social, economic and political issues that dominated. We’ll also examine the real men who led the respective armies and the epic battles that forged their legacy, including some fun with our own performance rankings, most important battles, etc. We’ll see the emergence of women as activists and the important roles they would assume in the War. The class itself will determine many of the topics and personalities covered as we penetrate the “fog of war” created over the last 150 years. Prerequisite: Members must have taken a previous class taught by Bob Dwyer.

**LNT758 Beginning French**
*Monday, 1:30–3 p.m., Herring Center, Huff (HC105)*

Roger Miel was raised in France to say after we say “Bonjour.” He received his bachelor’s degree and was educated as an engineer. He taught mechanical design in Canada and the United States.

This is a basic course in French language skills. Multiple approaches will be used, including listening, speaking, writing, reading and what to say after we say “Bonjour.”

Keith Stevenson likes good bread and is a willing and able assistant to Nikki.

**HFE531 Yoga 201**
*Monday, 12:25–12:5 p.m., Herring Center, Crabtree (HC110)*

The health benefits of yoga are profound and the vital energy you feel is amazing. Learn to advance your practice with Kristi Ried-Barton’s Active Yoga class. Proven to improve strength, cardiovascular health and flexibility, you will feel challenged yet successful. Without breaking the natural flow from pose to pose, the focus will be on alignment and breath. This class is designed for the active person exercising regularly who wants to work core, mind, and body while rejuvenating and invigorating their energy. Take your yoga practice to the next level. Wear comfortable clothing and bring your yoga mat.

Kristi Ried-Barton is a registered yoga trainer, life coach, nutritionist and director of It’s Yoga! Studio. She teaches classes, gives private sessions, provides an in-depth study of yoga/teacher training, conducts retreats, and facilitates workshops. A teacher since 1979, her classes are known for their detailed instruction, inspiration and nurturing compassion.

**PPS1365 Living Confidently, Compassionately and Joyfully**
*Monday, 10:45 a.m.–12:15 p.m., Herring Center, Small Arts/Crafts (HC113)*

Drawing heavily on instruction by various western Buddhist teachers, this group will explore some of Buddhism’s most life-enhancing teachings and practices. We will explore how habitual styles of thinking and behaving keep us trapped in patterns of stress and discontentment. We will study methods for working with fear and uncertainty, and ways to free ourselves from anger, resentment, and other destructive emotions. Lastly, we will uncover how to touch that soft place in ourselves that leads to living compassionately with an open heart.

Each week teachings will be presented followed by discussion, meditation, poetry and journaling.

Sandy Brown has had a lifelong interest in personal growth and psychology. She has a BA in Psychology and MEd in Counseling. She has also studied Christian theology at the Masters level.

**PAH848 Nine Weeks – Nine Breads**
*Monday, 10:45 a.m.–12:15 p.m., Herring Center, Huff with Lindemann Kitchen (HC105/106)*

Learn the art of yeast baking and enjoy the smell, warmth and taste of a special creation served with choice toppings as appropriate. Each week we will prepare a different bread. What is so wonderful about baking bread is that it is symbolic of transformation—we can watch the yeast create change.

Food cost: $5 per session ($5 due to instructor at first class with remainder due at second class).

Nikki Day has taught homely arts a number of times at OLLI. She enjoys experimentation and innovation.
**ACM193 Play the Ukulele 201**

*Monday, 1:30–3 p.m., Herring Center, Small Arts/Crafts (HC113)*

This is an intermediate ukulele class. We will pick up where Beginning Ukulele ended. Besides working with Hal Leonard Ukulele Method Book 2, we will play and sing lots more songs. Ukulele experience is good but we will do a review from Beginning Ukulele. Required book: *The Ukulele Method Book 2* (ISBN 9781423416180).

Shelley Knee Johnson has taught ukulele for OLLI since 2011. She has played the guitar for twelve years, performing both in the Midwest and Southern states. She is proud to be a member of the YesterUkes, a local Senior Ukulele Rock and Roll band. She and her past OLLI students have started a band—“Uke Can Do Re Mi.” Mark Dickie will assist with this course.

**PAH858 Quilting with Pre-Cuts**

*Monday, 1:30–3:30 p.m., Herring Center, Vick Seminar (HC102)*

Charm packs, Layer cakes, Jelly rolls and Honey Buns. All these terms sound good enough to eat, but what do they have to do with quilting? Although not edible, they are a great time and money saver and the perfect way to play with all the pretty pieces from your favorite color palette. Combining traditional quilting with modern appeal makes quilting with pre-cuts a breeze. For those who have an understanding of quilting we will explore a new way to quilt. This class is for those who have sewing knowledge and understanding of your machine. The class will also include the use of templates. The first class gives an introduction to using pre-cuts with samples and videos. The list of materials necessary for this class are: cutting mat, scissors, rotary cutter, sewing machine and pre-cut fabric and thread of your choice.

Self-taught Barbara Berger has been using pre-cut fabrics for years and wants to share her love of using this technique in modern-day quilting.

**ACM161 Watercolor in Motion**

*Monday, 1:30–4 p.m., Herring Center, Graham (HC005)*

Watercolor has the reputation of being unpredictable, but the secrets to success are using the right amounts of water, and the best pigments, papers and brushes you can afford. This course will focus on learning wet on wet and wet on dry techniques through exercises and demonstrations of complete paintings. This class is recommended for advanced beginners and intermediate painters.

Ron Gillen is well known for his easy going teaching style and fresh spontaneous paintings. He practices in his studio at Art Crossing in Greenville, and has taught classes at OLLI, Senior Action and privately.

**HFS576 Bowling “300”**

*Monday, 1:30–3 p.m., Offsite*

A basic introduction to the sport and science of bowling, which will provide you with the foundation to become a better bowler. Perfection pursued if rarely attained, but fun and camaraderie guaranteed. Classes will be held at the AMF Star Lanes, 740 S. Pleasantburg Dr. (parking entrance is on Cleveland Ave.) Fee: $5 each week (includes bowling shoe rental and 1.5 hours of instruction and bowling).

Michael Halloran is an avid league bowler who was hooked on the game after learning the game was more than “see pins throw ball.”

**CPT353 Fun with Your iPad**

*Monday, 1:30–3 p.m., Herring Center, Campbell (HC004)*

This course is designed for beginners and we will learn to have more fun with iPad applications. We will review iOS 8 basic operating steps and apps that come with the iPad operating system. Since the iPad is a good device to view digital photos, you will receive instruction on using the Photos App to load, organize, edit, and share photos. We will also discuss other apps that are of interest to class members. The course includes six classes with an optional additional class.

Bill Beckwith holds the Clemson University rank of Emeritus Professor of Chemical Engineering. He also was head of the General Engineering Program and taught computer programming to Freshman Engineering Students. Upon retiring, he has taught computer courses in both Clemson’s and Furman’s OLLI programs.

—*

**HIS612 When Commercial Airline Flying Was Fun!**

*Monday, 1:30–3 p.m., Herring Center, Piper (HC111)*

Remember when you really looked forward to flying on our commercial airlines? Eastern on the way to a winter Florida vacation, or TWA to attend a three day sales meeting in Arizona. American, United or Delta to visit family or friends throughout the country … or, even possibly, Pan American to cross “the pond.” Remember being “pampered” with first class, well prepared food and accompanying drinks … served by attractive and attentive stewardesses … while comfortably seated in a spacious four engine DC-7, Constellation or Boeing 707. The Airline Clubs and extra bags were always free. These were the never to be forgotten days of American Commercial Aviation – the first fifty years. Come relive this wonderful era with a PowerPoint presentation supplemented with a series of historical vintage videos/slides. Plus, share memorabilia and tales with your fellow classmates. Topics include Aviation & Manufacturing Pioneers, The Airline Pioneers, Pan American Airways, Airline Regulations, World War II, The Glory
PHO1625  Adobe Lightroom 6 Basics
Tuesday, 9–10:30 a.m., Herring Center, Computer Lab (HC104)
Adobe’s Lightroom 6 is the latest release of the workflow and photo editing software. We will address overall capabilities with a focus on importing photos, managing them in the catalog, image editing and output. We will also cover advanced features as time permits. The class will be a combination of instruction and hands-on practice. Students should have a basic understanding of digital cameras, experience with using some photo editing software, and a good understanding of using the Windows operating system.

Scott Koegler has been using digital cameras since they were first offered and is a technology journalist specializing in explaining technology. He has been using Lightroom since it was an experimental program. Gordon Magee will assist with this course.

HFE511  Yoga 101
Monday, 1:45–2:45 p.m., Herring Center, Crabtree (HC110)
Never had a yoga class before? Interested in gaining flexibility, balance and strength? Yoga class can be an energy prescription to enrich your life. Kristi combines yoga movement with alignment to tone muscles, increase stamina and release tightness. Our yoga practice links the breath with the poses and builds core aliveness as you release resistance and layers of tension. When you experience true yoga it can be amazingly pure, deep and joyful. No prior knowledge of yoga required. Wear comfortable clothing and bring your yoga mat.

Kristi Ried-Barton is a registered yoga trainer, life coach, nutritionist and director of It’s Yoga! Studio. She teaches classes, gives private sessions, provides an in-depth study of yoga/teacher training, conducts retreats, and facilitates workshops. A teacher since 1979, her classes are known for their detailed instruction, inspiration and nurturing compassion.

HFE515  Aquacize
Tuesday and Thursday, 9–10 a.m., Herman W. Lay Physical Activities Center, Pool
Aquacize is a combination of aerobics, strength training, toning, flexibility, and cardio routines using the resistance of the water for physical improvement and the buoyancy of the water to alleviate strain on muscles, bones, and joints. The ability to swim is not a requirement, and we do not put our faces in the water. The co-instructors lead exercises while in the water, and a lifeguard watches over the class from poolside. Water temperature is around 80 degrees.

Lois and Greg Parker have been OLLI members since 2008. They have participated in Aquacize at OLLI and in their community for years.

ACM187  Beginning Guitar
Tuesday, 9–10:30 a.m., Herring Center, Graham (HC005)
Let’s make some music—all you need is a guitar. A class perfectly suited for beginners, we’ll have a great time learning to play chords and strumming patterns to go along with those hits from the 60s.

As a professional musician, Jan Howell has been involved in music making for over 55 years.

HFE505  Dave’s Intermediate Hiking
Tuesday, 9 a.m.–4 p.m., Herring Center, Parking Lot (rt. of Timmons)
Enjoy fall hiking in the Upstate. We will hike 4–9 miles on moderate to strenuous trails, some of which are located in our state parks and heritage preserves. Wear hiking boots and dress in layers appropriate for weather conditions. A hiking stick is helpful. Bring along a lunch and plenty of water. Please clear this physical activity with your doctor. Meet at 9:00 am. in parking lot to the right of Timmons Arena. We will form carpools and share the cost of gas.

Dave Beisser is an avid outdoorsman who has been hiking over thirty years. Theresa Gianfortune will assist with this course.

PAH850  Intermediate Bridge: A Different Look V
Tuesday, 9–10:30 a.m., Herring Center, Small Arts/Crafts (HC113)
This course is aimed at players who have played for a while, but have a desire to rise above the crowd. It is not intended to teach you how to play bridge, but to teach players how to improve. The course will cover all aspects from defense, bidding, and card play techniques. It will challenge you and provide tips and guidance intended to help you improve your game. If you have not taken one of the instructor’s intermediate classes, it is advised that you speak with him or with previous students about the level of play that will be included. Experienced players will find the material challenging. Note: This course is similar in nature to Fall13, Winter14, Spring14 and Fall14 classes, but the content is different with all new problems.

Hugh Hughes is an ACBL Emerald Life Master and former National Champion. He has taught more than 20 OLLI courses, all on various bridge topics. Jim Nichols, who is a Life Master, will assist with this course.
ACM120  Let’s Read and Talk
Tuesday, 9–10:30 a.m.,
Herring Center, Huff (HC105)
Join our book group for an open discussion of a different book each class session. Be ready to contribute your comments and thoughts by reading ahead of class meetings. September 15: The Lifeboat by Charlotte Rogan; and September 29: The Good Father by Noah Hawley. Class members will select the remaining books, so bring your suggestions to the first session. This course will meet every other week beginning September 15. Course fee: $30.
Susan Recknagel, OLLI member, will be the class moderator.

SNN1005  Non-Petroleum Fuel Seminar
Tuesday, 9–10:30 a.m.,
Herring Center, Campbell (HC004)
This is a seminar course where class members will do the research and present topics on fuels that are not petroleum based. Proposed topics are: off shore wind bloom in Europe, solar across the world, batteries (large and small), nuclear and any other pertinent topics picked by the class. Let’s see what these discussions will lead us to conclude.
Don Gurney will act as moderator and coordinator for this class. He holds a doctor of science degree in chemical engineering. Martin Zgraggen will assist with this course.

HFE517  T’ai Chi for Seniors
Tuesday, 9–10:30 a.m.,
Herring Center, Crabtree (HC110)
The slow, gentle movements of Qigong and T’ai Chi are easy to learn and suitable for every age and physical condition. They can be practiced standing or sitting and can be adapted to suit the student’s needs. With regular practice, they improve balance, circulation, flexibility, and coordination. By balancing and increasing the body’s vital energy, called chi, they promote inner peace and serenity and create a sense of well-being. This course repeats material from T’ai Chi Chih and incorporates new Qigong breathing techniques, self-massage, and meditation.
Judith Ziemer has taught Aerobic Fitness since 1981 and T’ai Chi and Qi Gong to seniors since 2000.

LNT704  Beginning Spanish III
Tuesday, 10:45 a.m.–12:15 p.m.,
Herring Center, Graham (HC005)
This course is a continuation of the fun we started in Beginning Spanish I and Beginning Spanish II. We will review what we learned in those classes just in case the summer break made you forget what you learned. We will continue to dig deeper into the Spanish language and culture while polishing our reading, writing, listening, and speaking skills.
Emily Getz earned her Bachelor’s degree in Spanish from Furman and her Master’s degree in Education from Wake Forest. She has taught Spanish to students age 3–83 and also teaches English as a Second Language.

PPS1380  Dynamic Aging I
Tuesday, 10:45 a.m.–12:15 p.m.,
Herring Center, Campbell (HC004)
The Dynamic Aging Program (DAP) begins its second year after graduating 23 people from the one-year program in 2014–15. The DAP is the world’s first systemic offering of experiential classes, group work, positive aging practices, private online forums, and other offerings on how to age optimally, utilizing the latest research and theory from multiple scientific disciplines. Motivated students who proactively participate in this training can expect improvements in their quality of life, physical and mental health, cognitive capabilities, happiness levels, relationships, ability to control stress and pain, self-awareness, adaptability to rapidly changing life conditions, and overall energy levels. New students who wish to register for the DAP must be motivated to practice the materials offered, interact mindfully with fellow students, and be computer literate (have own email address, computer, and be able to navigate a website). You must sign up for both Dynamic Aging I (10:45 a.m.) and Dynamic Aging II (1:30 p.m.) There will be a group discussion between classes, so bring a lunch.
Note: There is no prerequisite for this course. For a more detailed description of the DAP, visit: http://www.dynamicaginginstitute.com/dynamic-aging-program/
Dudley Tower, Ph.D., has been teaching successful aging, psychology, and personal growth courses at OLLI since 2004. He is the founder of the Dynamic Aging Institute.

PAH842  Healthy Authentic Chinese Cooking
Tuesday, 10:45 a.m.–12:15 p.m.,
Herring Center, Huff with Lindemann Kitchen (HC105/106)
Learn how to use Chinese ingredients to create authentic Chinese dishes. This class will emphasize healthy eating and balanced meals. Each week, we will make two to three easy dishes. Food cost: $8 per session ($8 due to instructor at first class with remainder due at second class).
Mei Li Trapasso was born and raised in China. She began cooking for her entire family at the age of 5 during the Cultural Revolution. She had her gourmet revolution in China by working in restaurants, interviewing food experts, filming documentaries, writing her own recipes, and writing blogs. Her belief is “Let food be the medicine.”
CEO417  OLLI for Newcomers

Tuesday, 10:45 a.m.–12:15 p.m., Herring Center, Crabtree (HC110)

This course will feature one well-known OLLI instructor and topic each week, to give new OLLI members a sense of the nature and variety of courses offered as a part of the Furman program. Sessions will be offered in such diverse areas as local history, global politics, famous women of the South, estate planning, and planning for Greenville’s future. Returning members are also welcome.

Jack Hansen serves on OLLI Council as Outreach Chair. He will coordinate this course.

ACM197  Understanding Baroque and Classical Music

Tuesday, 10:45 a.m.–12:15 p.m., Herring Center, Small Arts/Crafts (HC113)

Love the music but not sure what you’re listening for? We’ll start at the beginning of the Baroque Period (1600–1750) and work our way through the Classical Period (1750–1810). We’ll learn what made the two periods unique and we’ll answer questions like—Why is Bach the #1 most famous composer on everybody’s list? What made Mozart such a genius? What’s so special about those Stradivari violins? We’ll listen to the entire music (and not just excerpts). Bring your powdered wig and let’s enjoy! This eight-week class ends on November 3.

Jann Howell has a master’s degree in music and will lead this course.

SNM1050  What We Know About the Universe

Tuesday, 10:45 a.m.–12:15 p.m., Herring Center, Piper (HC111)

Let’s take a cruise through the Solar System through the eyes of NASA and the ESA. We will learn about the planets, the moons, the Sun, the electro-magnetic spectrum, and many of the NASA and ESA missions that have explored our solar system. We will discuss current NASA/ESA missions as well as previous missions including technical sessions on the instrumentation on NASA/ESA satellites.

Dave Adams has a BS from UNC and for at least 50 years has looked to the sky with awe and wonder. He marveled when NASA began the space program. Dave is a member of Roper Mountain Astronomers, the Planetary Society, and the National Space Society. He has been an OLLI instructor for 8 years.

PAH817  Beginning Bridge I

Tuesday, 1:30–3:30 p.m., Herring Center, Small Arts/Crafts (HC113)

Learning bridge is a great way to keep the brain sharp (or sharpen it!). This course will introduce beginning bidding and the more common problems in playing the hand. The class format is: 1) a handout and explanation of the idea du jour, 2) discussion of the ideas with your tablemates and instructors, 3) sheets with bridge hands to practice these ideas, and 4) then for the last hour playing bridge with pre-made hands that let you put the day’s ideas into practice. Laugh a little, learn a little, meet some new people, and find out why there are so many bridgeaholics. Optional book: Bridge Basics 1: An Introduction, the Official Better Bridge Series by Audrey Grant (ISBN 0939460904) Materials fee: $13—includes book (due to instructor at first class).

Ella and Frank Griffin are retired teachers who have enjoyed playing bridge for several years. Their forte is making the information “learner friendly” and figuring out how to explain whatever is not making sense.

PHO1601  Beginning Digital Photography

Tuesday, 1:30–3:30 p.m., Herring Center, Huff (HC105)

We will learn how to use and care for our point and shoot and SLR cameras, their basic controls, capabilities, and limitations. We will explore photography techniques, with particular attention to composition, focus, lighting, and exposure to get good results with minimal editing. We will review photo management, reproduction, and editing options. Bring your camera to each class with charged batteries, a memory card, and the instruction manual. Basic computer skills are required. This class will begin on September 22.

Ian Clarke has been taking photos and participating in photo club competitions for man.
PPS1390 Dynamic Aging II
Tuesday, 1:30–3 p.m., Herring Center, Campbell (HC004)
Please see the full course description under Dynamic Aging I—Tuesday 10:45am—and on the Dynamic Aging Institute website at: http://www.dynamicaginginstitute.com/dynamic-aging-program/ Students are required to register for both Dynamic Aging I & II and bring their own lunch, as there will be a group discussion between the morning and afternoon class sessions.

Dudley Tower, Ph.D., has been teaching successful aging, psychology, and personal growth courses at OLLI since 2004. He is the founder of the Dynamic Aging Institute.

BEF215 Investing 101
Tuesday, 1:30–3 p.m., Herring Center, Graham (HC005)
This class covers the basics of investing including stocks, bonds, mutual funds, annuities, portfolio construction, retirement income planning, estate and legacy planning, as well as identity theft preparedness. This class is suitable for individuals seeking a basic understanding of investment principles.

Justin Smith is a graduate of Anderson University and is an AAMS certified financial advisor with Edward Jones Investments. He has been a financial advisor for seven years in the north Greenville area.

HIS664 History of Early South Carolina
Tuesday, 1:30–3 p.m., Herring Center, Piper (HC111)
South Carolina has a very colorful and interesting past. The goal of this class is to highlight the people and events that made this history from Precolonial to the Royal Period. Lecture, hands-on artifacts, and primary sources will be utilized to “bring the past to life.” This eight-week class ends on November 3.

Larry Greer, Ph.D is a retired history teacher. He has written history curriculum materials for the state, and for national book publishers.

ACM142 Shakespeare
Tuesday, 1:30–3 p.m., Herring Center, Crabtree (HC110)
This course will include reading and discussion of four Shakespeare plays: The Taming of the Shrew, The Merchant of Venice, Othello, and Henry V. Videos of all four plays will be shown at the Trone Center on campus in conjunction with the class discussion of each play, including videos of current Royal Shakespeare Company productions of the last three. NOTE: This eight-week class will begin on September 22. Please read The Taming of the Shrew by first class.

Jim Ward is a retired English professor with thirty years of teaching experience on the college and university level. He has taught OLLI courses at Furman and UNC-Asheville.

HFE556 Spin For All
Tuesday, 1:30–2:30 p.m., Herman W. Lay Physical Activities Center, Dance Studio
For this spin class there are no limitations for athleticism, strength or endurance. Come join the class for a great cardio workout to great music. Fun for everyone who wants to sweat!

Marsha Lyon was a personal trainer and fitness instructor for 15 years in New York. She taught Spin for 10 years there, before recently moving to South Carolina.

CPT349 Ready to Byte into Apple? (Macintosh Basics)
Tuesday, 3:15–4:45 p.m., Riley Hall, 108
This class is aimed at people who are new to the Macintosh computer or are thinking about switching to it. We will cover basic Apple computer operations including computer hardware, features of the Mac operating system* (Yosemite 10.10.x), and applications such as Safari (web browser), Pages (word processing), iPhoto (pictures), Address Book (contact lists), and Mail (email). The course will be hands on demonstrations followed by class exercises in a Furman Mac computer lab (*Desktop: menus, dock and System preferences.)

Seth Harrison is a “techie” and has been an OLLI member since 2003. He is also a multimedia specialist in Furman’s Communication Studies Department. Wade Shepherd will assist with this course.

Register online at furman.edu/olli
LNT709  Latin 102

Wednesday, 8:45–10:30 a.m., Herring Center, Vick Seminar (HC102)
This class will continue readings in Latin which center on Roman Britain in A.D. 81. Immersed in an innovative “you are there” approach we’ll explore such topics as the Celts in Britain, Boudicca, Cogidubnus, and Fishbourne Palace, before moving to Alexandria, Egypt, Antony and Cleopatra, and the Battle of Philippi. You’ll never look at the Temple of Dendur in the Metropolitan Museum of Art the same way again. Prerequisite: Latin 101. Required book: Cambridge Latin Course Unit II, 4th Edition (ISBN 9780521004305).

Michael Kilgore is a recovering corporate attorney. Ginny Anderson formerly taught Latin at Furman and currently teaches 12 courses of Latin to adults over fifty on seniorlearn.org. They will co-lead this course.

PAH833  Beginning American Mah Jongg Demystified

Wednesday, 9–10:30 a.m., Herring Center, Small Arts/Crafts (HC113)
Join us and learn how to play the American version of Mah Jongg; a Chinese tile game that will help you with your memory skills. This is not the tile matching game that you see online. Before we tackle the intricacies and variations of the NMJL card we will study the 152 tiles: Three Suits—Dots, Bams, and Craks; the Honors—Winds and Dragons; and the Flowers and Jokers. You will gain proficiency by playing with the instructor and your class members. The 2013 National Mah Jongg League card will be provided. Required book: The Red Dragon & the West Wind (ISBN 9780061233944)
Alan Bornmueller is a retired architect and has played and taught Mah Jongg for several years.

LNT795  Biblical Hebrew

Wednesday, 9–10:30 a.m., Herring Center, President’s Conference (HC103)
This class will learn to read and understand Hebrew with the object of reading the Hebrew Bible. The course will also discuss the historical and cultural background of the Bible. Required book: The First Hebrew Primer—Third Edition (ISBN 0939144158).

Fred Leffert is a Greenville physician with a life-long interest in Jewish Studies. He has taught several Hebrew classes over the past 15 years.

HFES40  Furman Athletics

Wednesday, 9–10:30 a.m., Various sites on campus
Learn what it takes to put together college sports programs as Furman Athletic Director Gary Clark and Furman coaches from various sports share their challenges and successes. This term the sessions will be held at various athletic venues across campus.

Harry King coordinated and will facilitate this course. Furman coaches will speak each week.

HIS633  Lewis & Clark Expedition

Wednesday, 9–10:30 a.m., Herring Center, Crabtree (HC110)
There is more to the Lewis and Clark Expedition than a few men and an Indian girl wandering the west. Who really were these people, and what were they like? Why were they taking this journey, and where were they going? Perhaps most interesting, what happened along the way and afterward? Using maps, paintings, pictures, and other information we will investigate the journey of the Corps of Discovery. Note: This is a ten-week class that ends on November 18.

Gary Aten, Wyoming transplant, has been a member of OLLI for over 10 years and has taught classes on history. He has visited most of the major Lewis and Clark trail sites.

BEF265  Retirement Wealth Management

Wednesday, 9–10:30 a.m., Herring Center, Huff (HC105)
Wealth management is the discipline that combines portfolio management with financial planning. In this course, we will discuss how retirees can build a low-cost, tax-efficient investment portfolio that generates both income and capital gains. We will also discuss numerous tax, estate and financial planning strategies that can save retirees substantial amounts of money. NOTE: Students who take this course should have a basic understanding of retirement portfolio management and financial planning. Materials fee: $25 (due to instructor at first class).

Dant Goepper has 45 years experience in portfolio management and financial planning. He has been teaching at OLLI since 1995. Bland Burkhardt will assist with this course.

PHO1613  Travel Photography

Wednesday, 9–10:30 a.m., Herring Center, Piper (HC111)
Bringing home photographs that friends and family want to see more than once is among the many joys of travel both foreign and domestic. This course will explore the essentials of travel photography, image composition, problems specific to capturing certain subjects, cultural challenges for photographers overseas, image management in the field, and tips on self-critique. The use of iPhone cameras and video will be included. The series of classroom sessions will conclude with a local field trip and photo critique allowing participants to practice the principles presented in the course.

As Furman’s Herring Professor Emeritus, Jim Leavell teaches courses in the departments of History, Asian Studies and Art. He has taught travel photography for OLLI and the Princess Cruise Lines.

### Thursday Lunch Book Clubs

#### MYSTERY READING GROUP
HC103 12:30–1:15 p.m.
Contact: Judy Pearson at judypearson@bellsouth.net
Books for the Fall Term are:
- **Sept. 24** Live by Night by Dennis Lehane
- **Oct. 8** The English Girl by Daniel Silva
- **Oct. 22** Girl on a Train by Paula Hawkins
- **Nov. 5** Strangers on a Train by Patricia Highsmith

#### ROGUE READERS
HC111 12:30–1:15 p.m.
Contact: Cindy Smithers at myrtletheturtle@mindspring.com
Books for the Fall Term are:
- **Sept. 17** The Road to Character by David Brooks
- **Oct. 1** Safe Passage by Ellyn Bache
- **Oct. 15** Red Notice by Bill Browdon
- **Oct. 29** Me Before You by JoJo Moyers
- **Nov. 12** What the Zhang Bogs Knew by Clifford Garstang

---

### Friday

**9–10:30 a.m.**
- PAH894 What’s For Breakfast?* (Huecker) HC105/106 8:30–10 a.m.
- PAH805 Speciality Baskets* (McCarson) HC113 9 a.m.–2 p.m.
- HFE503 The Rock Stars* (Heman) 9 a.m.–4 p.m.
- HFE504 Waterfall Trekking* (Eaton/Eaton) HPL 9 a.m.–4 p.m.

**10:45 a.m.–12:15 p.m.**
- HFE571 Taiji* (Davis) HC110 10:45–11:45 a.m.
- ACM149 Marvelous Mosaics (Dupre/Nicholls-Wozniczka) HC110

**1:30–3 p.m.**
- CEO492 Backroads of Asia (Moehlenbrock) HC111

---

*(Bonus Trips & Events Schedule located on next page.*)
Kent Ellison has been carving for over ten years and has won numerous awards in competitions. He is a 10 year member of the Piedmont Wood Carvers Club. Kent has been teaching woodcarvings. The materials fee covers a new knife, glove, sharpening strop, and wood for projects. Materials fee: $40.00 (due to instructor at first class).

ACM171 Dante’s Divine Comedy
Wednesday, 10:45 a.m.–12:15 p.m., Herring Center, Piper (HC111)

This year marks the 750th anniversary of Dante’s birth; after all these centuries the Divine Comedy continues to engage and fascinate people from all over the world, in spite of the fact that the culture from which it springs is so distant and different from our own. The journey of the protagonist through the realms of the Medieval and Catholic Otherworld provides a complete tour of the cosmos and the moral universe it embodies. Yet, Dante’s experience is firmly located in a place—Florence and Italy, and a time—the late XIII and early XIV centuries, a major turning point in European history. Dante’s work is created, almost single handedly, from the Florentine dialect, the Italian language as we use it today. Recommended book: Any English translation of the comedy, at least one of The Inferno.

Natalina Ferlauto, an OLLI member, is a native of Italy and a graduate of the University of Bologna. She has taught Italian and related topics in different places, including OLLI.

RPH966 Does God Have a Problem?
Wednesday, 10:45 a.m.–12:15 p.m., Herring Center, Huff (HC105)

According to a number of people, like religion professor Bart Ehrman, God has a problem: suffering, or the existence of evil in the world. We’ve asked countless times, Why? If God is so good, why do bad things happen? It’s called the problem of evil. At the end of this course, we will hopefully have come closer to an approach to this problem that satisfies us as individuals. What’s important is that we think about it, even struggle with it. Recommended book: God’s Problem by Bart Ehrman (ISBN 006173924).

David Gillespie, former Presbyterian minister, is a frequent instructor at OLLI, most always on the intersection of faith and ethics.

---

**Friday Bonus Trips & Events**

| BTE1112 | Carolina’s Blue Ridge Mountains | September 18, 8 a.m. |
| BTE1133 | The Cherrydale Mansion | October 9, 9:45 a.m. |

**CPT347 Enhancing Your Online and Computer Skills**  
*Wednesday, 10:45 a.m.–12:15 p.m., Herring Center, Computer Lab (HC104)*  
This class will look at online security, search tips, Gmail techniques, what to look for when buying a new computer, and other lessons to make your online experience more enjoyable. Students should be very familiar with using the mouse, keyboard, and email before enrolling.

Dave Knox is a retired radiation therapy physicist and used computers for 3 dimensional patient treatment planning. John Bissell will assist with this course.

**LNT784 Latin 202**  
*Wednesday, 10:45 a.m.–12:15 p.m., Herring Center, Vick Seminar (HC102)*  
This class will begin an exciting year by choosing from a suggested list of Roman authors to read in original Latin to compliment our ongoing grammar studies. Candidates will include Caesar and Ariovistus (De Bello Gallico), Nepos (Hannibal, Atticus), Cicero (In Catilinam), Livy (Ab Urbe Condita), Tacitus on Agricola or Boudica, or the Civil Wars. It’s a rare pleasure to read Latin in the original. If you miss it, join us this fall!

Ginny Anderson formerly taught Latin at Furman and currently teaches 12 courses of Latin to adults over fifty on seniorlearn.org.

**PPS1350 Masters of Aging**  
*Wednesday, 10:45 a.m.–12:15 p.m., Herring Center, Campbell (HC004)*  
This course is only available to those members who are graduates of the Dynamic Aging Program at OLLI. The intention is to sustain, and escalate, our shift from a relatively passive and unconscious approach to aging, dominated by the constant activation of the sympathetic nervous system – to a more proactive, dynamic, highly developed, and knowledgeable approach to aging, dominated by the activation of the parasympathetic nervous system. Like last year, bring your lunch and we will meet as a group after class to discuss, share, and support one another.

Dudley Tower, Ph.D., has been teaching successful aging, psychology, and personal growth courses at OLLI since 2004. He is the founder of the Dynamic Aging Institute.

**RPH956 The Nine Faces of the Divine Feminine**  
*Wednesday, 10:45 a.m.–12:15 p.m., Herring Center, Small Arts/Crafts (HC113)*  
This course will explore an original concept using the archetypes of the Divine Feminine (Mother, Goddess, Priestess, Warrioress, etc.) as they relate to the Nine Types of the Enneagram. We will explore the psychospiritual origins of the Enneagram and learn how this typology can assist us in gaining greater self-awareness and understanding of those around us. We will examine each type, its gifts and its challenges, and each participant will have the opportunity to determine his/her type. The Enneagram is sometimes called “the face of God.” With this in mind, we will explore the many faces of the Divine Feminine and learn how the integration of these attributes might inform and improve our lives. Recommended book: The Enneagram by Richard Rohr (ISBN 9780824519506).

Nancy Neal is an Ordained Interfaith Minister. She teaches workshops on the Divine Feminine, 13 Indigenous Grandmothers and is passionate about inner work of all kinds.

**PAH838 Quilting by Hand**  
*Wednesday, 1–3 p.m., Herring Center, President’s Conference (HC103)*  
Learn the basics of quilting by hand. You can be as creative as you wish by piecing and assembling cotton fabrics of different colors (solids and prints) cut into various shapes to make a pattern. A list of supplies will be posted on the OLLI website. Simonne Lindemann has been quilting by hand for pleasure since 1978 and teaching since 2001.

**RPH993 Contemporary Modes of Thought**  
*Wednesday, 1:30–3 p.m., Herring Center, Small Arts/Crafts (HC113)*  
This course examines the history and progression of concepts which have led us to contemporary modes of thought in America and the World. The instructor presents scientific and philosophical concepts from major historical figures and current writers and thinkers, then guides the class in a constructive dialogue with ample time for input and questioning. This course is for students who are in the pursuit of ultimate truths in our evolving world culture. Required books: Wisdom for a New Era by Ben Godfrey (ISBN 162857660X) and The Sacred Depths of Nature by Ursula Goodenough (ISBN 0195136292).

Ben Godfrey is a retired music educator, philosopher, and author. His books include 5* rated Wisdom for a New Era: Balancing Nature, Science, and Belief.

**CEO430 Global Warming/Climate Change**  
*Wednesday, 1:30–3 p.m., Herring Center, Huff (HC105)*  
The threat of global warming and climate change is called a “catastrophe in the making” by some and a “hoax” by others.
We will examine the science as well as the political narratives that drive this debate. We will meet the cast of unforgettable characters—scientists, green advocates, economists, politicians and investigate the dramas of leaked or stolen emails, warring climate websites, accusations of tampering with data, conspiracy, even crimes against humanity. Bring an open mind, and be prepared for multimedia presentations, lectures, discussion, and homework.

Doug Allen has been fascinated by weather and climate since age 11 when his favorite Christmas gift was the daily Department of Commerce weather maps. He has undergraduate and graduate study in the sciences and humanities, posts to several climate blogs, and has been an OLLI instructor for 4 years.

HIS699 Interesting People and Moments in American History
Wednesday, 1:30–3 p.m.,
Herring Center, Crabtree (HC110)
Class topics include Thomas Jefferson and Sally Hemings, Jamestown 1619 and the birth of American Slavery, the Age of Vaudeville and The Great Depression, the Sam Sheppard trial, William Randolph Hearst and “yellow journalism,” the Aaron Burr trial of 1807 and more!

Don Cockrill, retired lawyer, has argued before the Supreme Court. He is a history buff with a special interest and expertise in the Supreme Court, the Constitution, and the founding of our Republic.

BEF245 Intro to Elder Law and Estate Planning
Wednesday, 1:30–3 p.m.,
Herring Center, Campbell (HC004)
This basic level course will help you understand the basics of trusts, wills, powers of attorney, guardianships/Conservatorships, Medicaid, and senior protection statutes.

Stephen Shaw has been a licensed attorney in Florida since 1997 and in South Carolina since 2008. He regularly handles estate and elder law planning as well as litigation. Sally Ann Cupertino will assist with this course.

LNT769 Latin 200: Readings in Ovid and Caesar
Wednesday, 1:30–3 p.m.,
Herring Center, Vick Seminar (HC102)
This class continues our exciting experiment in learning Latin grammar through the book Latin Via Ovid, which combines grammar with a graded progress through Ovid’s Metamorphoses. You’ll be amazed at how many of these ancient myths permeate our advertising, art, literature, and everyday life today. We will also continue our fascinating journey with Caesar’s own account in 55 BC of his invasion of Britain. We’ve reached the shore, only to find the natives assembled in battle gear on top of every cliff! It’s too deep to disembark. How will the man regarded as one of the world’s greatest military geniuses survive? What would you have done? Find out this fall! Required books: Latin Via Ovid by Norma Goldman (ISBN 9780865163348).

Ginny Anderson formerly taught Latin at Furman and currently teaches 12 courses of Latin to adults over fifty on seniorlearn.org.

ACM140 Poetry Extravaganza!
Wednesday, 1:30–3 p.m.,
Herring Center, Piper (HC111)
Come enjoy a new edition of our popular Poetry Seminar! Outstanding poet/teachers will present the work of one of their own favorite poets and a few of their own lauded works. Don’t miss this chance to learn and love the creative artists that let the words fly and the spirit soar!

PAH834 Woodcarving 201
Wednesday, 1:30–4:30 p.m.,
Herring Center, Graham (HC005)
Prerequisite for this class is Woodcarving 101 or having some woodcarving experience. You should be able to maintain sharp tools and have proper safety equipment. We will begin this class by carving a caricature as a class project. Painting and finishing options will be discussed. Methods to keep tools sharp will be covered. The materials fee will cover all projects provided by the instructor. Materials fee: $25 (due to instructor at first class).

Kent Ellison has been carving for over ten years and has won numerous awards in competitions. He is a 10 year member of the Piedmont Wood Carvers Club. Kent has been teaching at OLLI and elsewhere for eight years.
PAH869 One Pot Wonders!
Wednesday, 3:15–4:45 p.m., Herring Center, Huff with Lindemann Kitchen (HC105/106)
What a deal—a one pot meal that is easy to make, easy to clean and tastes great too. Join the class to learn about a variety of delicious soups and stews which are perfect for the winter months. A different OLLI member will prepare each week. Food cost: $6 per session ($6 due at first class with remainder due at second class).
Barbara Wojack will host the class that demonstrates a favorite tried and true one pot meal from a different OLLI member each week.

RPH979 Perspectives on Death and Dying
Wednesday, 3:15–4:45 p.m., Herring Center, Piper (HC111)
The nature of life includes the eventual miracle of death, and how we view this final rite of passage informs the way we live our lives. This class will uncover our various attitudes toward death and dying: we will look at cultural, religious and philosophical approaches to death and dying, and the gifts inherent in living with an acute awareness of our mortality. We will explore such topics as the concept of a “good death” and burial options, including “green” or eco burial; we will look at the truth of the axiom, “we die the way we live”; and we will examine and reframe the root of grief traditionally associated with the reality of our own demise or that of our loved ones. More than anything else, however, this class is a celebration of life, for as poet and cancer survivor Mark Nepo reminds us, “If peace comes from seeing the whole, then misery comes from a loss of perspective.” Join us as together we explore new perspectives on death and dying through personal reflection and class discussion, through journaling, film and literature, and through exposure to various guest speakers.
Leigh Berman, MA, is an ordained interfaith minister and interdisciplinary teacher. In addition to teaching English literature, she provides spiritual and emotional support around death and dying, bereavement and loss of dream. She is passionate about helping people explore new ways to approach the continuum of life.

Thursday

SNM1008 Hurricanes and Severe Weather
Thursday, 9–10:30 a.m., Herring Center, Campbell (HC004)
We live in a state with a pleasant climate but one that is prone to hurricanes and other hazardous weather. Thus an understanding of these threats is essential. A variety of tropical cyclone topics will be discussed, including hurricane dynamics, prediction, risk, numerical models, wind and storm surge. Other topics will include tornadoes, downbursts, winter storms, and landslides with focus on the Carolinas. A tour of the National Forecast Office may be arranged.
Joe Pelissier was a Hurricane Forecaster at the National Hurricane Center. He worked on tropical cyclone projects around the world. He has a Ph.D. in meteorology and taught university courses in Atmospheric Science. Larry Lee will assist with this course. Joe and Larry retired as officials of the local National Weather Service Forecast office.

HFE502 Martin’s Intermediate Hiking
Thursday, 9 a.m.–4:30 p.m., Herring Center, Parking Lot (rt. of Timmons)
Enjoy the changing season, wild flowers, and waterfalls on trails that are both old favorites and some new ones. The group will hike 4–6 miles on moderately strenuous trails. Clear this physical activity with your physician before registering. Meet in the parking lot to the right of Timmons Arena in time to leave by 9 a.m. Pack a lunch, bring plenty of water and wear sturdy footwear.
Anne Martin, who has enjoyed hiking for many years, will lead this group. Martha Severens will assist with this course.

Policy 2012.1: OLLI (Classroom) Code of Conduct
Topics included within the OLLI curriculum may evoke emotional and visceral reactions to social, religious, political, and economic events, which inherently have elements of human tragedy, and during the course of time, may create discord. Comments shared within the class should be voiced in a professional manner conducive to promoting civil discourse and intellectual honesty.

Passionate dialogue is encouraged as long as opposing viewpoints are respected and the dignity of others is maintained. In the event that an issue arises which compromises this premise and is deemed detrimental to the learning environment (i.e., unwarranted personal attacks or unsolicited dialogue outside of the classroom environment), then the OLLI administration has the authority to remove a student or instructor from the class and/or the program.
PHO1603  Nature and Landscape Photography  
Thursday, 9 a.m.–3 p.m., Herring Center, Computer Lab (HC104)  
We will hike two to four miles to and from one or two picturesque sites for extended shoots. Bring water, lunch, hiking boots and gear, digital camera and manual, tripod, and spare batteries. Students must be interested in photography, be conversant with their equipment, and capable of moderate hiking on uneven trails with some elevation. Capture your vision as we focus on the foliage of our area woodlands. Please clear physical activity with your physician before registering. Meet in the parking lot to the right of Timmons Arena at 9 a.m. to carpool and share the cost of gas.

Bob Howell and Alan Weinberg both enjoy the outdoors and nature photography. They have taken several landscape photography trips and seminars. They both love to hike and be in nature and share this combination.

ACM116  Pen and Ink and Then Some …  
Thursday, 9 a.m.–noon, Herring Center, Graham (HC005)  
This is a relaxed three-hour studio class. No experience is required and both beginning and continuing students are welcome. New students will complete at least two projects. With group and individual instruction, the class will cover strokes, techniques, hints, secrets and tricks. Anyone with a pencil, pen, or paintbrush is invited. The class will learn from each other and the music is good! Materials fee: $15 for beginners (due to instructor at first class).

Gail Jones and Jeff Lynch will teach this course. They use the Cantey DuBose method and have lots of “ink time.”

SNM1061  Physicians of Greenville  
Thursday, 9–10:30 a.m., Herring Center, Piper (HC111)  
Back by popular demand, nine physicians of the Greenville Health System will inform us of what is new in fields of physical therapy, cardiac surgery, prostate cancer detection, brain tumor stereotactic radio surgery, hand problems, A-Fib, and more. The physicians will amaze you with the care available in our town and will answer your questions. All topics and speakers are new.

Mary Lou Jones will facilitate this course. She holds two masters degrees in teaching science and has a passion for teaching genetics.

CEO484  AM Dining Around—Coffee Houses  
Thursday, 10–11:30 a.m., Offsite  
This term we will visit some of the coffee houses in the area. Most are locally owned and serve a few pastries to a full breakfast. We will learn the art of making many breakfast varieties and varied methods for each.

Mignon Davis has planned events for 50 to 5000 people in the process contracted with many restaurant chefs, caterers, etc. She considers herself a “foodie.” She is also curious about many things.

HFES28  Body In Motion  
Thursday, 10:45 a.m.–12:15 p.m., Herman W. Lay Physical Activities Center, Dance Studio  
Body In Motion is designed to help you do everything better. Join us for this low intensity aerobic course to improve cardiovascular endurance, balance, and coordination. The movement patterns are core-based and contain the magic balance between strength and flexibility. As you travel down the floor, you become more aware of proper breathing and focus. Techniques learned in Body In Motion can also optimize muscle and tendon range of motion, reduce risk of injury, and improve range of motion.

Sherry Resh has a BS and MFA in dance. She holds certifications in Classical Pilates and attends workshops in dance for Parkinson’s patients. She taught at several universities and choreographed for local and university theaters. Currently Sherry teaches private and small group Pilates classes in her home.

ACM111  Deconstructing the Write Stuff  
Thursday, 10:45 a.m.–12:15 p.m., Herring Center, Campbell (HC004)  
This class is for creative people who have writing experience. In this relaxed class time, we will write in a variety of formats, get constructive feedback, and then proceed to revision and review. Prerequisite: Prior participation in a writing class.

Judith Babb Chandler-Huse, lifelong educator and long-time OLLI instructor, is an active community volunteer and outsider artist.

CEO400  In conversation with…  
Thursday, 10:45 a.m.–12:15 p.m., Daniel Music Building, Daniel Recital Hall (Daniel Recital Hall)  
This series continues with an eclectic mix of people, from different walks of life, whose backgrounds and experiences will stimulate discussion and debate.

Sept. 17: John Plyler, Furman Historian  
Sept. 24: Dr. David Shaner, Connections  
Oct. 1: Dr. Sarah Reese, former New York Met Artist  
Oct. 8: Dr. Susan Shi, FU Trustee  
Oct. 15: Furman International Students  
Oct. 29: LGBTQ forum, with Dr. Maria Swearingen  
Nov. 5: Linda O’Bryon, President, ETV
Masterpieces and More: What’s it all about?

Thursday, 10:45 a.m.–12:15 p.m., all about?

Debra Willams is a performer and concert educator of music. Her musical approach to the study of musicals, operas, and masterpieces. Enjoy a light and sometimes humorous perspective of how to make this device their own. You will learn the basics of using your device, to include creating an email account with Google, personalizing screens, downloading apps, and more! Please bring fully charged device to each class.

Anansia Summers is an alumna of Furman with a passion for technology. She is offering this class to engage new users of Android devices.

ACM109 Musical, Opera, Masterpieces and More: What’s it all about?

Thursday, 10:45 a.m.–12:15 p.m., Herring Center, Piper (HC111)

Enjoy a light and sometimes humorous approach to the study of musicals, operas, composers and masterpieces. No musical training is necessary. Class members will be encouraged to share their musical talent as well as any aesthetic musical experience. This seven-week class ends on November 5 with a bonus lunch-time concert after class.

Debra Williams is a performer and educator of music. Her musical performances range from touring and singing with Robert Shaw and the Atlanta Symphony Orchestra to her recently released jazz CD “Blue Skies” which was recorded in Nashville. She teaches voice and piano to all ages.

SNM1034 Tales From the Periodic Table

Thursday, 10:45 a.m.–12:15 p.m., Herring Center, Small Arts/Crafts (HC113)

There is a story attached to every element on the Periodic Table. Some are humorous, odd or frightening, but all the stories are interesting. We will examine these stories and learn how this marvelous tool, the Periodic Table, is used to categorize and describe all matter in the universe. In the first session there will be an introduction on the history of the Periodic Table and how all the elements are arranged by families. Following sessions will focus on a specific element or group of elements, how each element was discovered and the brilliant and sometimes strange people who discovered them. We will also look at the impact on human history associated with each discovery. Recommended book: The Disappearing Spoon by Sam Kean (ISBN 9780316051637).

Tony Nedved retired from a long career with Michelin Tire in the field of quality. He has a BS in chemistry from Furman. Tony was an adjunct instructor at Greenville Technical College where he taught classes on Quality Engineering and Quality Auditing.

RPH903 The Hebrew Prophets I

Thursday, 10:45 a.m.–12:15 p.m., Herring Center, President’s Conference (HC103)

In this course we will read and discuss the Hebrew prophets—Isaiah, Jeremiah, Ezekiel, and the twelve minor prophets. The course will continue over the entire year—fall, winter and spring terms, but it is not necessary to commit to the entire course. We will be discussing the historical backgrounds of the prophets, their literary art, and their messages. Emphasis will be on an interactive discussion-oriented class.

Fred Leffert is a Greenville physician with a life-long interest in Jewish Studies. He has taught several Hebrew classes over the past 15 years.

RPH900 A Survey of Jewish History

Thursday, 1:30–3 p.m., Herring Center, President’s Conference (HC103)

This interactive, discussion-oriented class will survey Jewish history from biblical to modern times, emphasizing those aspects which influence modern Jewish life. A list of recommended reading will be supplied at the first class.

Fred Leffert is a Greenville physician with a life-long interest in Jewish Studies. He has taught several Hebrew classes over the past 15 years.

RPH995 American Birthed Faith Communities

Thursday, 1:30–3 p.m., Herring Center, Piper (HC111)

Each week a guest speaker representing a faith community founded in the U.S. will make a presentation on the history and religious tenants of their faith community. These communities will include Native American Spirituality, Latter Day Saints, Jehovah’s Witness, Christian Science, Scientology, Unitarian/Universalists, Pentecostals, Seventh Day Adventists, and the Metropolitan Community Church. The presentations and discussion will be moderated by Lance Renault.

Lance Renault is retired as the Overseas Program Director for American Leprosy Missions, has been active in OLLI for 7 years, serves as the chair of sub-committee on Religion & Philosophy, and has taught on The Vikings.

HIS696 Appalachian Sampler

Thursday, 1:30–3 p.m., Herring Center, Crabtree (HC110)

Join us as we explore 9 different aspects of Appalachian life and culture. Hear from a diverse group of experts, each of whom will illuminate a special facet of the Appalachian experience which has affected the Greater Greenville area today. Among the many issues and topics covered are: The causes and
effects of moonshine and NASCAR; the effects on people and place of the flooding and developing of Lakes Jocassee and Keowee; how the attitudes and practices of slavery and secession in our hills and mountains in the north differed from those of the “low country” south of us; the repercussions evident today of the “final solution” treaty with the Cherokees, and many other issues and topics. Our presenters include: Scott Withrow, Dennis Chastain, Penny Forrester, Judy Bainbridge, Dean Campbell, A.V. Huff, Gail Johnson, James Ellis Griffeth, and Phil Jamison.

This class will have a different regional presenters each week from all walks of life.

ACM154  Bebop and Rise of Modern Jazz
Thursday, 1:30–3 p.m., Herring Center, Graham (HC005)
A look at the development of bebop as a reaction to the rise of sweet music and popular singers and dance bands in the 1940s. How bebop developed into what we now know as modern jazz, with emphasis on the leading pioneers of the music: Charlie Parker, Dizzy Gillespie, Miles Davis, Bud Powell and Thelonious Monk. The continuing influence of bebop in contemporary examples of jazz being recorded today.

George Kanzler was a syndicated jazz and pop critic who worked at the Star Ledger (NJ) newspaper for 33 years. He currently writes about jazz for two New York monthlies.

HFE589  Classical Pilates I
Thursday, 1:30–3 p.m., Herman W. Lay Physical Activities Center, Dance Studio
For beginning level students, mat work is started with 10 exercises. These exercises are performed in each session. As students improve, new exercises are added to their program. The exercises require concentration, working the body and mind. They focus on “core” muscles—the abdomen, back, and buttocks—together with coordinated breathing. These exercises don’t put force on joints or ligaments, but rather on the muscles that support them. Small apparatuses may be used to place resistance against motion but are also used to assist an exerciser’s movements. The Pilates exercises can be tailored to fit people of any age or with previous injury, even joint surgery.

Sherry Resh has a BS and MFA in dance. She holds certifications in Classical Pilates and attends workshops in dance for Parkinson’s patients. She taught at several universities and choreographed for local and university theaters. Currently Sherry teaches private and small group Pilates classes in her home.

ACM127  Introduction to the Native American Flute
Thursday, 1:30–3 p.m., Herring Center, Small Arts/Crafts (HC113)
This class will introduce the Native flute as a folk musical instrument, and the basics of playing the flute, for new players. Students may bring their own flute, in key of A. The class will learn about the unique design of the instrument, how to develop the motor skills needed to play the instrument, the basics of playing music on the instrument, and how to make your music uniquely your own. This is a hands on class, with an instructional guide, and additional handouts, as needed, to enable the student to be able to learn to play simple songs by the end of the class. Practice between classes, will be an integral part of the learning process. Materials fee: Student flute $50 (if needed) and instructional guide (optional, but recommended) $30.

Rick McDaniel has been playing the Native flute, and world flutes, for 13 years. He has been active in leading flute circles in Dallas, Asheville and Greer. He also has produced education events and concerts for the Native American Flute community. Virginia McDaniel will assist with this course.

ACM180  Memoir: Write Life
Thursday, 1:30–3 p.m., Herring Center, Huff (HC105)
How do you corral your memories and organize them into a story that touches the heart of another and expands someone else’s understanding of life? We’ll explore the dos and don’ts of the genre, where to begin and where to end, how to hone a focus, and how to tell your story in an engaging way. This eight-week class ends on November 5.

Marcia Moston is an award-winning author. She’s written for the Greenville Journal, The Journey Christian newspaper and several magazines. She teaches workshops in memoir and creative nonfiction.

BEF252  Senior Matters
Thursday, 1:30–3 p.m., Herring Center, Campbell (HC004)
Today’s seniors are living longer than past generations, bringing new and challenging issues never dealt with before to this growing population. These series of topics will help seniors better understand and manage issues that matter to them. Each class will be conducted by an expert on the topic and will include: housing, in-home care, legal matters, financial matters, Medicare/long term care, mortgage, home modification, moving, and senior living communities.

John Moore, Director Seniors Services Division with C. Dan Joyner Realtors, has 31 years in the industry with a background in engineering and management. He also has 24 years in real estate sales, management and business development. Ginny Wylie, Seniors Specialist with C. Dan Joyner, will assist with this course. She has 32 years experience in real estate sales, ownership, and new home construction.
Friday

**PAH805 Speciality Baskets**
**Friday, 9 a.m.–2 p.m., Herring Center, Small Arts/Crafts (HC113)**
We will be making themed baskets in this class geared to beginners and experienced weavers. On Oct. 9, we will make a fall Candy Corn wall/door basket ($20.00). On Oct. 23, we will make a Christmas basket ($25.00), and on Nov. 6, our basket is a Pineapple Express Yourself basket ($20.00). Nov. 13 is a makeup day. Materials fee: $65 (save $5 if you pay $60 on Oct. 9). All materials and tools will be provided. Contact Peggy at pmccarson@charter.net for a picture of the baskets.

Peggy McCarson has been making baskets for 18 years and teaching for the past ten. She loves working with color and different sized reed. She hopes to inspire others to fall in love with basket making.

**HFE503 The Rock Stars**
**Friday, 9 a.m.–4 p.m., Contact instructor**
Our vigorous hikes will explore the mountain trails of upstate South Carolina and western North Carolina. We will hike six to ten miles at a moderately strenuous to strenuous pace. Please clear physical activity with your physician before registering. Bring water, lunch, and hiking gear including sturdy footwear. Carpool; share the cost of gas.

Andy Heman, an avid hiker, will lead all hikes.

**PAH894 What’s For Breakfast?**
**Friday, 8:30–10 a.m., Herring Center, Huff with Lindemann Kitchen (HC105/106)**
Breakfast is the most important meal of the day. Learn some simple and easy ways to prepare some breakfast staples and to have “planned overs” for later meals. Class members will be involved in food preparation of frittatas, stratas, omelets, pancakes, french toast, granolas and end with a breakfast/brunch for the holidays.

Food cost: $3 per session ($3 due to instructor at first class with remainder due at second class. Sharon Huecker taught family and consumer science at Berea Middle school for 30 years and enjoys being in the kitchen. She graduated from Kansas State University with a degree in Home Economics.

**ACM149 Marvelous Mosaics**
**Friday, 10:45 a.m.–12:15 p.m., Herring Center, Graham (HC005)**
Mosaics are centuries old, but 21st Century new. Come learn the history as you embark on creating your own mosaic masterpiece. No artistic talent required, but whimsy and a sense of adventure are a plus. Teacher uses PowerPoint initially, but class is completely hands-on. Supplies are provided, but some students may wish to purchase their own tools. Students design their own works. No cookie-cutter work here!

Connie DuPre taught art for 9 years at Holy Spirit Episcopal School in Houston, and has also taught at OLLI for the past 4 years. Debra Nicholls-Wozniczka will assist with this course.

**HFE571 Taiji**
**Friday, 10:45–11:45 a.m., Herring Center, Crabtree (HC110)**
Taiji is a Chinese martial art, with proven health benefits. The form this class will teach is called “EBT,” and was developed by Dr. Yang Yang, of the Center for Taiji Studies. The EBT is a condensed, easy to learn Taiji form, especially formulated for use with seniors. The class will include instruction in form movement, and qigong, which includes both moving and stationary exercises for developing balance, core strength, mental clarity, and a general sense of well-being. www.chentaiji.com

Keith Davis is a professional jazz pianist, who serves as an adjunct instructor of jazz piano at Furman. Keith is also a certified instructor of Taiji, through Yang Yang’s Center for Taiji Studies.

**CEO492 Meeting People Along the Backroads of Asia**
**Friday, 1:30–3 p.m., Herring Center, Piper (HC111)**
Back road travel experiences will be shared with the class using projected digital photographs. You will travel into the Himalayan regions of Kashmir and Ladakh as well as the countries of Myanmar (Burma), Bangladesh, Nepal, Vietnam, Indonesia, and five other Asian countries. You will be witnessing many cultural activities of each region as well as seeing what it is like to travel in the same way locals travel. You will not see tourists in these areas, only locals. Most of the travel will be by motorbike, and by using local buses and trains.

Jim Moehlenbrock has lived 16 years in foreign countries working as a mathematics instructor. He has traveled extensively in 56 countries.
BTE1112 Fall Beauty in Carolina’s Blue Ridge Mountains

September 18, 8 a.m.–7 p.m.

The Blue Ridge Mountains are known for their fall beauty. Join Seth Harrison, SC Master Naturalist, and visit sites in the mountains just to the north where many impressive sights are abundant. The period when the days are getting shorter brings many changes in the forest. See and photograph them and learn some of their natural history as well. We will carpool from Furman to interesting sites along the Blue Ridge Parkway and take our lunch to enjoy outdoors. Location is 1.5 hours north of Furman. Note: Walking on natural trails, 1–5 miles, with some moderate, up to 900 ft. elevation. Limit 15

BTE1113a BMW Manufacturing—Greer, SC

September 18, 9:30–11:30 a.m.

BMW is the crown jewel of SC manufacturing facilities. The plant employs 8000 people and produces approximately 1200 vehicles per day (X3, X4, X5 and X6). Eight hundred cars per day are exported through the port of Charleston. The facility is located off I-85, approximately 23 miles (30 minutes) from Furman. Be prepared for walking and standing the entire time. Entry fee: $10 (due at event). Limit 20

In order to give all members a chance to take a BTE, we limit everyone during registration to two BTEs. OLLI Notes, published weekly, will list available spots throughout the term. You will be contacted by email about a week prior with instructions.

BTE1113b BMW Manufacturing—Greer, SC

September 18, 10:15 a.m.–12:15 p.m.

BMW is the crown jewel of SC manufacturing facilities. The plant employs 8000 people and produces approximately 1200 vehicles per day (X3, X4, X5 and X6). Eight hundred cars per day are exported through the port of Charleston. The facility is located off I-85, approximately 23 miles (30 minutes) from Furman. Be prepared for walking and standing the entire time. Entry fee: $10 (due at event). Limit 20

BTE1100 Sustainable Farm Tour

September 18, 1:30–3 p.m.

Meet at the Broken Oaks Organic Farm which is now in its fourth season. You will be greeted by Craig Weiner, manager, and hear a short history of the land. Then the group will tour the farm and have a chance to purchase the freshly grown vegetables, flowers and eggs. The location is 30 minutes north of Furman. Event fee: $5 (due at event and applied toward purchase). Limit 25

BTE1167 AARP Safe Driving Class

September 25, 9 a.m.–1 p.m., Herring Center, HC004

The new AARP Smart Driver Course was designed to continue AARP’s legacy of quality driver education while introducing a focus on topics that are highly relevant for older drivers, such as:

1. Best practices for sharing the road with other vehicles
2. Stopping distance and merging
3. Proper rules for roundabouts and stop-sign compliance
4. Techniques for adjusting mirrors to reduce blind spots
5. A full visual redesign, which takes into account how adults retain information. It features larger print type, full-color pages, an easy-to-follow format and videos to accompany the course book. SC participants receive a certificate (valid for three years) that they may take to their insurance company which may offer a discount.

Event fee: $15 AARP members, $20 non-members (due at event). Limit 40

BTE1198 Bird’s Eye View of Greece

September 25, 10 a.m.–12:30 p.m., Herring Center, HC111

Enjoy an armchair visit to Greece. This DVD offers spectacular views filmed from a helicopter. The Greek music in the background increases the Greek vibe as the narrative celebrates Greek history and mythology. See the famous cities and tourist sites as well as fishing villages and the Nissiros volcano. Limit 40
BTE1108  Zentangle Drawing: One Stroke at a Time  
**September 25, 10–11:30 a.m., Herring Center, HC113**
Zentangle Drawing is similar to doodling except that Zentangle Drawing is more deliberate, mindful, and focused. Join Pam Stevenson, teacher of many forms of arts/crafts, to learn about this delightful art form of repetitive drawing in which there are no mistakes—just calming, meditative, creative drawing done one stroke at a time. For examples of Zentangle art, check YouTube/Zentangle and Zentangle.com. It may look complicated, but done “One Stroke at a Time,” people of any age can do it. Materials fee: $5 (due at event). **Limit 40**

BTE1184  Kooking with Kevin  
**September 25, 4–6 p.m., Herring Center, HC105/106**
Don’t fret about dinner tonight. Long time chef and former restaurant owner Kevin Cohen will demonstrate a fall soup and a delicious chicken dish. This class is primarily demonstration, but you may be called on to sous-chef for Kevin. After enjoying the dinner, make it a Friday night date and go enjoy a Furman sporting or music event, or downtown entertainment offering. Food fee: $10 (due at event). **Limit 22**

BTE1128  Newberry with Nancy  
**October 2, 9 a.m.–4 p.m.**
Join Nancy Kennedy, Director of OLLI, by bus to the historic town of Newberry, SC, founded in 1789. Newberry College is located there as well as some beautiful renovated antebellum homes. Newberry was once a thriving mill town. We will visit the Opera House and the Old Courthouse and see other points of interest. Lunch is on your own in one of the many restaurants on Main Street. There will be some time to wander the many little shops in the downtown area. Event fee: $30 (due to OLLI office). **Limit 35**

BTE1151  Inland Port Tour Greer  
**October 2, 10–11:30 a.m.**
The SC Ports Authority Inland Port in Greer loads and unloads containers from the Norfolk Southern railroad to trains, trucks, airplanes or other freight terminals in the vicinity. The $50 million facility can handle up to 100,000 containers (or “lifts”) per year. The port is near BMW in Greer. Greenville Magazine said, “The place looks like an open air soundstage. Railroad boxcars are stacked seven high.” Note: extensive walking in an industrial setting. **Limit 20**

BTE1172  Eat Pasta—Walk it off at Art Walk  
**October 2, 6 p.m.–until**
Join chefs Jon and Lange, of Naked Pasta, to see how they make pasta and ravioli. They will share tips for making your own pasta and will explain the science and art of pairing pastas and sauces. The class will dine on pasta from a pre-selected menu. Then head to the streets for one of South Carolina’s premier gallery events, First Fridays. Choose from 25 galleries to peruse; enjoy the street music; if you’re still hungry, try one of the food trucks. Note: Extensive walking and limited parking. Food fee: $9 for pasta and drink (due at event). **Limit 40**

BTE1133  A Visit Back in Time: The Cherrydale Mansion  
**October 9, 9:45 a.m.–12:30 p.m**
Tour the Cherrydale Mansion on the Furman campus. Learn the history of the mansion built in 1852–1857 and how it made its way to the Furman campus. Our special guest speaker and docent, Anne Martin, will share little-known and interesting facts about the house and Upstate history. You may stay to continue browsing among the mansion’s sights. Participants are encouraged to bring a bag lunch to enjoy on the terrace. There will be prolonged periods of standing and a very steep staircase. **Limit 20**

BTE1182  Cooking Local at the Swamp Rabbit Cafe and Grocery  
**October 9, 10 a.m.–noon**
Experts from the Swamp Rabbit Cafe will again use local ingredients to wow our palates. We are blessed to live in a region with such an abundance of small farms and producers. This course will cover using locally grown produce in everyday meals that can be prepared easily at home. While cooking, we’ll discuss the farms and practices used to grow what we are eating, and will make at least one savory dish and one sweet dish using seasonal, local food. We will also discuss tips and tricks to make cooking with local foods (and unprocessed food in general) easy and enjoyable. Location is 15 minutes south of Furman. Food fee: $10. **Limit 35**

_Bonus Trip Cancellation Policy: Even though most one-day events are free, any cancellations within 48 hours of an event or no-shows by members for the special one-day events will be charged $25 by OLLI._
BTE1117 Mills and Mill Villages of Greenville Bus Tour
October 9, 10 a.m.–noon
Retired Furman Professor, historian and writer, Judy Bainbridge, will guide and narrate our bus tour around Greenville. We will tour around the cotton mills of Greenville starting from Furman and including most of those in the “Textile Crescent.” Emphasis will be on the lives of mill workers as illustrated in the design and facilities of the villages. This cultural tour will reveal the pervasive and important influence of the mills on Greenville’s development. Event fee: $15 (due to OLLI office by September 18). Limit 50

BTE1190 An Afternoon with Howard Hawks and Rio Bravo
October 9, 1–4 p.m., Herring Center, HC004
Like movies? Enjoy Westerns? A John Wayne fan? Then grab a bag of OLLI popcorn, settle back, and spend an afternoon with Judy Aten, former theatre major and educator. Learn why one of Hollywood’s finest directors—Howard Hawks—decided to make the film, as well as a few interesting things about the cast and storyline. Then watch Rio Bravo, considered one of his, and Wayne’s, best movies. Limit 40

BTE1138 Cardiovascular Technology
October 16, 10 a.m.–noon, Herring Center, HC111
Eric Walker, Program Manager for Clemson University’s Cardiovascular Technology Leadership Concentration, will lead a discussion about this unique program. He will highlight opportunities for OLLI members to volunteer for free cardiovascular ultrasound screenings in our mock scan lab. These opportunities help better prepare our students for their senior clinical rotations throughout the Greenville Health System. Learn about heart health and screenings. Limit 40

BTE1181 Physical Therapy of the Upstate
October 16, 11 a.m.–12:30 p.m., Herring Center, HC004
Find out how the muscles, tendons and bones of the body really work together. This knowledge is important when experiencing pain and especially important as we age. How do you deal with it . . . ice or heat? When will it get better? What can you do to keep it from happening again? Lots of questions! There are simple, easy, fast things you can do in the comfort of your own home that may help you move, feel and live better. Let Mark Murphy, physical therapist, tell and show us the answers to these and other questions. Limit 40

BTE1103 Clemson ICAR
October 19, 3–4:30 p.m. NOTE: **MONDAY**
Clemson University’s Center for Automotive Research is a 250-acre research park located on the former Hollingsworth property off I-85 in Greenville. The anchor tenant is Clemson’s graduate school for automotive engineering, but the total project includes economic development with major research tenants in the park. We will meet the Director, hear about the project history/future, and tour the facility. There will be some walking and steps. Location is 12 miles from Furman. Limit 20

BTE1117 The Art of Mindfulness in Daily Living
October 23, 9:30–11:30 a.m., Herring Center, HC004
Mindfulness is a state of complete awareness in the present moment that allows one to “observe” their thoughts and feelings without judgment, and awaken fully to every experience. This interactive workshop with Brenda Verdone, certified natural health practitioner, explores how 21st century distractions rob us of true life experiences and reduce the quality of daily living. Participants will engage in guided activities and meditations to improve the quality of their breathing, walking, eating, social and recreational activity, relationships and their futures. Limit 40

BTE1124 Eating Healthy When Eating Out
October 23, 10 a.m.–noon
It IS possible to eat healthfully when eating out. Learn how at one of Greenville’s newest and most innovative restaurants. The manager of Fresh to Order will explain how to enjoy a healthy and nutritious meal without adding empty calories. After an entertaining class, OLLI participants will have the chance to put what they’ve learned into practice by ordering lunch ($5–$15). Limit 25

BTE1159 Local Author Makes Good
October 23, 1:30–3 p.m. Herring Center, HC004
Susan Boyer is the author of USA Today Bestseller list Liz Talbot mysteries. She is known as an engaging and entertaining speaker as she delves into her life, writing, and books. Her first novel, Lowcountry Boil, won the 2012 Agatha Award for the Best First Novel. Her fourth book will be released in November, but participants in today’s class can choose to purchase autographed copies at this pre-release opportunity. Susan lives in Greenville and southern food and relatives make frequent appearances in her books. Limit 40
BTE1143 Autumn on Lake Jocassee  
October 30, 10 a.m.–2 p.m.  
This course is subtitled “Understanding the Science behind the Changing Colors of Tree Leaves.” Upstate Master Naturalists Brooks and Kay Wade will lead a three hour pontoon tour of Lake Jocassee to study the leaves up close. Students are welcome to bring a bag lunch to enjoy on the boat. Location is 1 hour northwest of Furman. Event fee: $35 (due to OLLI office by 10/23). Limit 25

BTE1141 Bad Creek Pumped Storage Facility  
October 30, 10–11:30 a.m.  
The Bad Creek Hydroelectric Station is a 1,065-megawatt pumped-storage facility located in Oconee County. The station utilizes two reservoirs to generate electricity. Water stored in an upper lake is released into underground tunnels driving huge turbines connected to generators. Water is pumped back to the upper reservoir during periods of low power demand. The facility is equivalent to burying the Empire State Building in a mountain. Location is 1 hour and 15 minutes from Furman. Limit 30

BTE1194 How to Use an Abacus  
October 30, 10:30 a.m.–noon, Herring Center, HC004  
Mei Li Trapasso has regaled us with stories of China and descriptions of Chinese culture and cooking. Now she is back to teach us the ancient art of using the abacus. The mathematical mysteries of the abacus will be revealed as Mei Li sprinkles the class conversation with more interesting knowledge about China and her experiences there. Students can bring their own abacus if they own one. Limit 40

BTE1110 From Garden To Gourmet  
October 30, 10 a.m.–noon, Herring Center, HC111  
Herbs elevate the plainest food from mundane to mouthwatering. Regional and ethnic cuisines are associated with herbs of the local area, which give simple food great variety across the world. Join Diana Miel, Master Gardener, in a discussion of herb growing and tips on using/storing herbs. The class will have the chance to take home suggested recipes. Limit 40

BTE1161 Caring for Your Old (or not so old) Photographs  
November 6, 10 a.m.–noon, Herring Center, HC111  
Photographs are keepsakes of some of our most precious memories, travels, and beloved family members. But photos are practically the most fragile, least permanent medium for preserving a record of the past. We will talk about different types of photographs and films from the mid-1800s through the digital prints of today, and discuss the causes of deterioration that we most commonly see. Learn with Susan Nelson, preservationist and retired engineer, about simple approaches that can be taken to protect and preserve photographs, in order to enjoy them for many years to come. Participants are welcome to bring in an example personal photo (in reasonably good condition only!) they may want to discuss. Materials fee: $5 (due at event). Limit 20

BTE1120 The South Carolina Children’s Theatre  
November 6, 10–11:30 a.m.  
A presentation of the award-winning South Carolina Children’s Theatre—its purpose and contributions to the community. The mission of South Carolina Children’s Theatre is to educate and stimulate the minds and imaginations of young people and their families through participation in high-quality theatre, year-round education, and accessible outreach. Limit 25

BTE1142 Chinese Dumpling Making  
November 6, 10:30 a.m.–12:30 p.m., Herring Center, HC105/106  
Join Mei Li Trapasso, OLLI’s superb Chinese chef, to experience how food is prepared in China. Everyone will participate in the preparation of authentic, healthy Chinese dumplings. You will chop, mix and prepare your own dumplings and you get to eat them too. Be prepared for almost 2 hours of continuous standing. Food fee: $8 (due at event). Limit 24
BTE1152  City Scape Winery  
November 6, 4–5:30 p.m.
Anita and Wayne Tamme are the owners, your hosts, the winemakers, the marketing staff, the vineyard attendants, and grounds crew. They will share the history and workings of the winery. 100% of their wines are made on property. Wines run the gamut from dry to sweet and from traditional to unique. Participants will sample a generous variety of wines of their choice, fruit, cheese and crackers! Location is 50 minutes south of Furman. Event fee: $10 (due at event). Limit 15

BTE1146  Tour of Cabela’s  
November 13, 9–10:30 a.m.
Join us for a guided tour of the new Greenville Cabela’s, “World’s Foremost Outfitter”. Channel your inner Robin Hood and try your hand in the Archery Range, see a fly-casting/fly-tying demonstration in the Fly Shop and watch a fish feeding during a talk at the Aquarium. There will be plenty of opportunities to view the entire store. The tour will conclude with an optional light breakfast in the store’s Tupelo deli ($5 to $10). Location is 30 minutes south of Furman. Limit 40

BTE1149  Relevance in Old Things  
November 13, 10:30 a.m.–noon, Herring Center, HC111
Enjoy a closer look at one of the country’s “most unusual and significant art collections”—the European Old Master paintings at the Museum & Gallery at Bob Jones University. Besides discovering some of the background and history of the collection as described by Erin Jones, executive director, you’ll learn clues to “reading” art and encounter cultures from centuries past and find that the distance of time proves there is “nothing new under the sun.” Limit 40

BTE1187  Greenville Water System: Stovall Plant  
November 13, 10–11:30 a.m.
For many years, drinking water from the two protected mountain reservoirs was distributed to Greenville with only chlorination. In 2000, the Greenville Water System opened a 75 million gallons per day (mgd) state of the art treatment plant north of Travelers Rest. The plant uses European technology and has won numerous national awards. Tour participants will find the story of both the Greenville Water System and the reasons for building this plant fascinating. Location is 10 minutes north of Furman. Limit 30

**Save the Date**

**OLLI is taking a ROAD TRIP (or two)!**

- OLLI at Furman is offering an exclusive learning adventure for its members. Through Road Scholar, you can experience a multi-sport adventure – sea kayaking, bicycling, and hiking in Acadia, Maine. The trip will begin on Sunday, September 11, 2016 and conclude on Friday, September 16, 2016.

- Get your feet wet with a 3 night, four day trip to Virginia May 26–29, 2016: “Three Friends: Thomas Jefferson, James Madison and James Monroe.” This Road Scholar trip will take you to the homes of these American patriarchs and you’ll also investigate the connection between Jefferson’s educational vision and design of his university while strolling the grounds with an expert.

Space will be limited, so be on the lookout for additional information in OLLI Notes or contact Heidi Wright at 864.294.2997.
Please sign release form on back of this registration form. Unsigned, incomplete, or illegible forms will be returned without being processed.

**Student Information**

- Are you a brand new member? □ Renewal
- I need an OLLI name tag (only if you are a new member or misplaced yours).

Furman University Acknowledgment and Release Form

I, the undersigned, acknowledge that I am at least 18 years of age and voluntarily participating in potentially physically challenging programs offered by Osher Lifelong Learning Institute at Furman (the “Activities”), which are being sponsored by Furman University. The Activities may involve travel to and from various locations and include outdoor and sporting activities, including, but not limited to biking, hiking, backpacking, swimming, tennis, golf, and aerobics. The Activities will begin on September 14, 2015 and end no later than November 13, 2015.

ASSUMPTION OF RISK AND RELEASE OF LIABILITY.

In consideration of being permitted to participate in the Activities,

____ (initial here) I acknowledge that I am aware of the possible risks, dangers, and hazards associated with my participation in the Activities, including the possible risk of severe or fatal injury to myself or others. In return for Furman University allowing me to voluntarily participate in the Activities, I agree to assume and accept all risks arising out of, associated with, or related to my participating in the Activities and to be solely responsible for any injury, loss, or damage which I might sustain while participating in the Activities, even though such risks may have been caused by the negligence of Furman University. These risks include, but are not limited to:

• Travel to and from location(s) visited during the Activities, sometimes in a vehicle driven by someone other than myself;
• Broken bones, sprains, strains, heat-related injuries, allergic reactions, paralysis and even death;
• Forces of nature, including rain, water levels, snow, and cold;
• Dangerous terrain including slippery rocks, wet trails, or creeks;
• Exposure to wildlife and poisonous plants which may carry harmful diseases, or be otherwise destructive;
• Lack of immediate medical assistance since some activities occur in remote areas, often in areas of poor communication, and rescues take time.

To the maximum extent permitted by the law,

____ (initial here) I release and indemnify Furman University and its officers, directors, employees, volunteers, and representatives, from and against any present or future claim, loss, or liability for injury to person or property which I may suffer, even though such risks may have been caused by the negligence of Furman University, or for which I may be liable to any other person, during my participation in the Activities.

____ (initial here) I understand that participation in the Activities requires a minimum level of fitness for safe participation. I represent and warrant that there are no physical or other health related reasons that would render my participation in the Activities dangerous or otherwise harmful to the health and well being of others or to myself. I will inform the trip leader of any limitation that I feel may affect my ability to participate and make them aware of any medications that may be required to be administered during a trip to include, but not limited to, an epinephrine injection for bee stings or insulin for a diabetic condition.

____ (initial here) I hereby grant permission to Furman University or its agents and emergency responders to arrange or render medical treatment or evacuation or any other medical services deemed necessary or appropriate for my safety and well-being, if I become injured or ill during the Activities. I understand that accident and health insurance is not provided by Furman University for participants and that I am responsible for payment of any medical attention that may be necessary.

____ (initial here) I grant Furman University, in its sole discretion, full permission to take and use photographs and/or videos of me, either alone or with others, for use on University web sites or other electronic form, print or media, without notifying me, in promotion of Furman University and its related entities. I hereby waive any right to inspect or approve the photographs or electronic matter used in promotion of Furman University and its related entities.

I HAVE CAREFULLY READ THIS AGREEMENT AND FULLY UNDERSTAND ITS CONTENTS. I VOLUNTARILY AGREE TO BIND MYSELF, MY HEIRS, EXECUTORS AND REPRESENTATIVES IN THE EVENT OF MY DEATH OR INCAPACITY.

Participant’s Signature          Today’s Date
Where is the office located? The OLLI office is located in the Herring Center for Continuing Education on the main level. If you enter the building at the front entrance, you will be in the Manly Lobby, and our offices will be on your left past the Marvin Book Nook.

What are the physical limitations for the bonus trips and events? Is there a dress code? Many of our bonus trips and events require good physical capabilities, especially industrial tours that include extended walking and stairs. For all our tours “business casual” dress is the rule unless otherwise noted.

Why didn’t I get into all the classes I wanted? Registrations are processed on a first come, first served basis. Classes are limited in size based on the instructor’s preference and classroom space availability.

What is the wait list policy? If you sign up for a class that is full, you will be automatically put on a waiting list. We are limited by classroom sizes, time available to us, instructor comfort levels, and safety. If a class has a long waiting list, the Curriculum Committee works to secure the course for future terms. Please be patient if you are put on a waiting list; many times, we are able to open/move a class to handle the demand.

Can my spouse or a friend join me on a Bonus Trip or Event? Yes, but only after he/she joins OLLI for the annual $50 membership fee and registers for the trip or event.

Do you have scholarships available? Yes. If you need financial assistance, please contact Nancy Kennedy at 864.294.2979.

How do I use the Hearing Loop? Members can check out headphone sets from the OLLI office prior to their classes held in HC004, HC110 and HC111. These headphone sets will assist those without hearing aids.

Why do you not accept credit cards via mail or in the office? For Furman’s and your security we request that when paying in the office or by mail that members use check or cash.

Refund Policy
Term fees are refundable through the end of the second week of classes. After the end of the second week, no refunds will be given. An administrative charge of $10 will apply to any dropped courses. If an entire membership and/or all classes are dropped, there will be a $25 administrative charge. **Note: For all cooking classes, term fees are refundable through the end of the first week only.**

Annual Membership Benefits
- OLLI members may enjoy meals in the Furman dining hall for just $5 with your OLLI nametag or OLLI Paladin Pass.
- Members have access to the Furman University Duke Library during the term and OLLI’s Marvin Book Nook (located in the Herring Center) year round.
- Members may take advantage of special outings, trips, and social events coordinated by the Social Committee.
- OLLI members receive weekly OLLI Notes and the quarterly newsletter, Gray Matters, which keep you updated on OLLI, Furman, and Greenville-area events.
- Members may use the computer lab when not in use by a class.
- Members receive early notice of course brochures.
- Course package holders may register prior to single-course registrants.
- Members can attend the Straight Talk Summer Series for a reduced rate.
Directions to Herring Center

Traveling north on Poinsett Hwy toward Furman University, you come to a stoplight with a Publix on your left. Take the next exit, which has a Timmons Arena & Paladin Stadium sign, to the RIGHT. TURN LEFT off exit onto Old Buncombe Rd. (follow signs to Timmons Arena and Paladin Stadium). TURN RIGHT at traffic light onto Duncan Chapel Road. Travel approximately ¾ mile. TURN RIGHT into first Furman University gate. The Herring Center will be the first building on the left.
