Choice is good. More choice is even better.

Now Cigna provides access to two telehealth services as part of your medical plan – Amwell and MDLIVE.

Cigna Telehealth Connection lets you get the care you need – including most prescriptions – for a wide range of minor conditions. Now you can connect with a board-certified doctor via video chat or phone, without leaving your home or office. When, where and how it works best for you!

Choose when: Day or night, weekdays, weekends and holidays.

Choose where: Home, work or on the go.

Choose how: Phone or video chat.

Choose who: Amwell or MDLIVE doctors.

Say it’s the middle of the night and your child is sick. Or you’re at work and not feeling well. If you pre-register on both Amwell and MDLIVE, you can speak with a doctor for help with:

- sore throat
- headache
- stomachache
- fever
- cold and flu
- allergies
- rash
- acne
- UTIs and more

The cost savings are clear.

Televisits with Amwell and MDLIVE can be a cost-effective alternative to a convenience care clinic or urgent care center, and cost less than going to the emergency room. And the cost of a phone or online visit is the same or less than with your primary care provider. Remember, your telehealth services are only available for minor, non-life threatening conditions. In an emergency, dial 911 or go to the nearest hospital.

Offered by: Cigna Health and Life Insurance Company, Connecticut General Life Insurance Company or their affiliates.

All group health insurance policies and health benefit plans contain exclusions and limitations. See your plan materials for costs and details of coverage, including other telehealth/telemedicine benefits that may be available under your specific health plan.
